

# Wireless Curtain PIR Detector

---

Model #: DSS-P817

## Technical Specifications

Model No.

DSS-P817

Wireless Passive infrared detector applies digital dual-core fuzzy logic control processing technology and intelligent analysis algorithms and can distinguish interfering signals and body movement signals effectively to prevent false alarms. With built-in spiral high-frequency spring antenna, it has quite far transfer distance and is environment friendly and energy saving, safe, reliable and easy to install

We reserve the right to modify product design and specification without notice and without incurring any obligation
